Features

- Convenient for guest to use, just dial one of the four message options.
- Provides enhanced security by eliminating the need to open the door to hang the door tag or use key card inserts.
- Allows the guest to change the message from inside the room.
- Viewer is always in the closed position, providing total privacy.
- The Privacy Shutter flips open easily for the guest to see through the viewer.
- The viewer is securely mounted inside the Door View Manager and cannot be tampered with or removed by guest.
- The Door View Manager is made of attractive, durable materials and is easy to install.
- The Door View Manager can be fully customized and is also available in 4 standard models.

Custom Options

- Can be customized in color and finish, to match any hotel door.
- Message Wheels can be customized in color, font and message content.
- Written and pictorial messages.
- Hotel logo, room number or greeting can be printed on the exterior side.
- The interior side can feature messages such as - *Thank you for being our guest.*

Cost Savings

- Eliminates the need for hang tags and key card inserts.
- Eliminates related labor costs.
- Maintenance free.
- A no-waste **green** product.

We can work with your design team to customize the Door View Manager and meet your exact specifications.
